

MOORING ROPE

High Strength / UV Stabilized / Durable

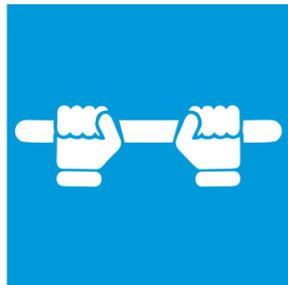

**The Power
of Stability**

KOHINOOR 8 STRAND MOORING ROPE

Delivers safety and reliability in marine operations.

Product Highlights

HIGH BREAKING STRENGTH

UV STABILIZED

HIGHLY DURABLE

GOOD ABRASION RESISTANCE

Features

- Excellent strength.
- Fully UV stabilized with medium to low elongation in use.
- Protected spliced eyes at each end.
- Tremendous range of application.
- Manufactured in accordance with OCIMF guidelines.

8.0	64	407	48960	407	67550	495	82600	554	72000
9.0	72	515	61500	515	84500	627	102000	702	89900
10.0	80	638	75640	638	104000	775	125500	867	109800

Note :

- Weight is subject to a +/-5% variation.
- All values in the table are as per results confirmed in accordance to test procedures IS 7071, ISO 2307.
- Minimum breaking force should never be the safe working load of the rope.
- Please consider factor of safety '6'. Safe Working Load = Breaking Force/6

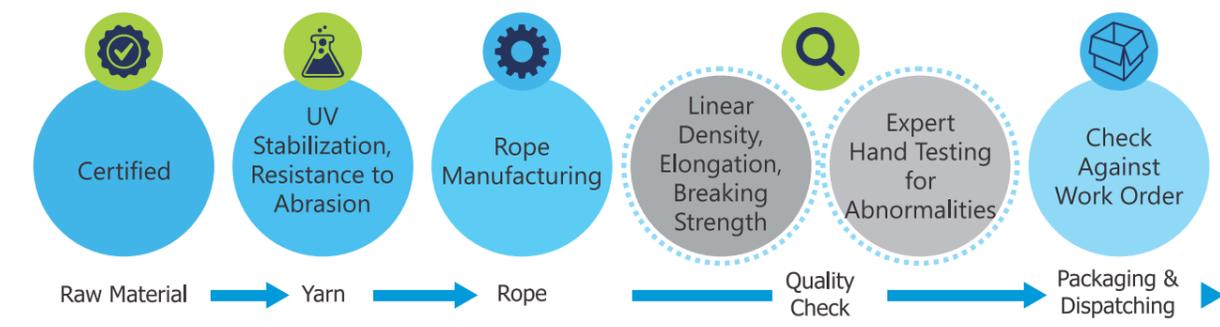

Application

In Marine, Fishing Industry, Shipping Industry

- Towing Sretchers, Mooring Tails
- Mooring Lines (Single & Double Point)

Quality Promise

To ensure high quality standards, our products are evaluated throughout the manufacturing process.

Introduction

Manufacturer of high quality cordage for various applications, KOHINOOR ROPES is a name recognized in domestic & international markets. Operating since 1985, we have a long record for product excellence, strong R & D and diligent quality control.
